# Introductory

The present volume constitutes the 1927 edition of Henderson's Directory of Calgary. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of all the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 29 to 64 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 77 to 252; in this feature the names of all streets and avenues are arranged numerically and alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ADVERTISING occupies pages 1 to 28; this section of the Directory, printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the city Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 253 to 700.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 701 to 772, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

## ADVERTISING CALGARY

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Calgary, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

The directory estimate of population is based on the actual number of names contained in the book, which is multiplied by a common multiple to allow for the married women and small children whose names do not appear.

Based upon the names contained in the pages of this book, it is estimated that the population of Greater Calgary is \$1,880. This includes considerable territory beyond the city limits, which is canvassed in order that the names of all people doing business in Calgary may be obtained for the Directory.

Respectfully, The Publishers,

HENDERSON DIRECTORIES ALBERTA, LIMITED.

84254

June, 1927.

# Calgary

## NAMING OF CALGARY

Calgary is named after the old home of Colonel Macleod in the Isle of Mull, Scotland, and was so named in the year 1876 when he was in charge of the North West Mounted Police fort established at the confluence of the Bow and Elbow Rivers. The word "Calgary" is of Gaelic origin and means "Clear Running Water".

## LOCALITY AND ADVANTAGES

The City of Calgary is the business centre of the Province of Alberta, and the largest and most important city between Winnipeg and Vancouver. Its location on the C. P. R. main line and C. N. R. line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reason of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country as yet only partially developed, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries. An extract from "Townsites of the North West Territories" reads as follows:

"At the junction of the rivers (Bow and Elbow) on Section 14, is the town of Calgary, which will soon become one of the most important places in the Northwest. Its geographical position, picturesque site, proximity to the Rocky Mountains, access to wood and timber by way of both rivers, and its ample supply of excellent water all contribute to this end. C. E. La Rue 1883".

At the time the above was written, Calgary had a population of less than 500. Present population 70,000.

The business section and part of the residential district has spread over the valley which was the original townsite, and has expanded over the surrounding heights from which views of the Rocky Mountains are obtainable. Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 85 miles from Banff, "The Playground of Canada".

## TO TOURISTS AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

In addition to the Hotel Palliser, one of the finest hostleries on the continent, there are many other first class hotels, with rates to suit all purses. Unusual shopping facilities exist and several beautiful modern theatres provide the best there is in drama, vaudeville and pictures.

A drive about the City will be found of interest, and the residential districts on both the north and south hills should be included, as from them a magnificent view on a clear day can be obtained of the Rockies. The Sarcee Indian Reservation adjoining the city on the southwest provides an interesting drive. St. George's Island and Bowness Parks are specially worthy of a visit.

For the sportsman there is, in season, shooting for duck, chicken and partridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Canadian National Park and an extremely interesting and picturesque motor drive of about four hours will take one to Banff (85 miles distant). Lake Louise and the Rockies are also available by motor car. The Banff-Windermere Road is now completed and links up with the Grand Circle Tour (Blue Trail), which connects all the scenic attractions in Western America; passing from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles, and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary.

The Calgary Automobile Camp provides free camping facilities, such as water, light, fuel, lavatories and fireplaces. A caretaker, sworn also as a constable, is on duty at the camp entrance for the purpose of safeguarding tourists' property which they may temporarily leave at this camping place. It is located on St. Patrick's Island, access to which is via St. George's Island Park, near the centre of the City. To reach the camp, proceed on Ninth Avenue to Twelfth Street East, then north on this street and cross bridge to Park. Follow signs to camping ground. Caretaker constantly in charge. Visiting motorists are cordially invited to make use of this camp.

Calgary Automobile Club for touring information or other assistance, visiting motorists are requested to call at the Club headquarters, Centre Street corner Sixth Avenue.

The Calgary Board of Trade maintains offices in the Loughheed Building, corner First Street West and Sixth Avenue, and the staff are always pleased to answer questions in regard to the city or country, and its many opportunities. Club rooms are maintained by the Board in the same building, to which all visiting business men are cordially welcome.

Rotary, Kiwanis and Gyro Clubs welcome out of town members at the Palliser Hotel: Tuesday for the Rotarians, Thursday for the Kiwanians and Thursday at Palliser Sun Room for the Gyros. All prominent fraternal organizations are represented in Calgary.

Golf and Country Clubs offer special facilities to those interested in outdoor sport.

The Municipal Golf Club is located in Shaganappi Park, and can be reached by the Killarney Electric Car Line or by motoring along the South Banff road. It is about four miles from the centre of the city. Visitors are permitted use of the links by applying to the caretaker; fees, 35 cents per game.

Regal Golf Club is a 5,985 yard golf course, situated in the N.E. section of the city. A hilly course, rich in turf with a creek running through it, which adds to the "sportiness" of the course. There is also a ladies' course (nine hole). Four street cars will take you within 3 minutes of the club house—two Crescent Heights, two Tuxedo Park. Membership fee: Gentlemen, \$15.00 per year; ladies, \$7.50 per year.

### **OIL AND GAS FIELD**

The Turner Valley Gas and Oil Field, in process of development, contains several wells producing gas and oil. Gasoline is extracted from the wet gas, and some of the gas, after treatment, is piped to Calgary for domestic uses. The world's greatest gasoline well, "Royallite No. 4", producing approximately \$1,500,000.00 annually, is located in the Turner Valley.

This field is within easy reach of Calgary and offers a fine auto trip.

### **OIL REFINERY**

The Imperial Oil Limited has erected, at a cost of \$4,000,000, a very large modern oil refinery in Calgary, situated in the Ogden district. This plant is worthy of a visit.

Spillers Canadian Milling Co., Ltd., will have their 2,000 barrel "Daylight" Flour Mill completed and in operation in the late spring of 1927. Storage, 500,000 bushels.

### **RESOURCES**

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching districts in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

### **IRRIGATION AND FARMING**

Calgary is the headquarters of one of the largest irrigation projects in the world. Water for irrigating the fertile belt stretching from Calgary north, east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the eastern city limits.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a "Grain" or "Stock" Exchange and a large stockyard and packing plant were established some years ago. Calgary's importance as a grain centre has been officially recognized by the Government of the Dominion of Canada and the said Government has built a terminal elevator in this city.

### **RAILWAYS AND MARKETS**

With two transcontinental railways operating into the city, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled to an ideal location in the heart of a rapidly and ever-growing market, in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the manufacturer.

### **MINERALS, ETC.**

Untold mineral wealth underlays the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lignite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc. Oil of a high grade was, on October 7th,

1913, struck at a depth of 1,562 feet in a well on Section 6, Township 20, Range 2, West of the 5th Meridian, and now known as "Discovery Well" and since, in fairly good quantities in several other wells. Natural gas is also obtained from these wells, and when treated yields gasoline in payable quantities. The gas (after the gasoline has been extracted) is now "piped" to Calgary gas consumers. The field is now in active process of development, each year seeing more wells being sunk and new areas proven.

### **INDUSTRIES**

The chief industries located in Calgary and district are: Ranching, farming, meat packing and meat products, oil refinery, manufacture of flour, biscuits, breakfast foods, breweries, temperance drinks, cement and cement blocks, rough and finished lumber, wood-working plants, sash and door mills, beds and mattresses, saddlery and leather goods, show cases, tents, confectionery, cigars, soap and similar commodities, ironworks, machine shops and welding, C. P. R. repair shops for western division, liquid air plant, brick-yards, bakeries, dairies and butter, etc., stockyards, tannery, headquarters of coal companies, headquarters in province for insurance companies, horticultural, box factory, Ford assembly plant, automobile repair shops.

### **HOSPITALS**

The General Hospital, instituted October, 1890, incorporated November, 1890; present hospital opened February 1st 1910, with approximately 200 beds present capacity. Prior to April, 1919, it was under the control of a private Board but it is now administered by the City, together with hospitals for the following: Smallpox (12 beds), Isolation (75 beds).

There are in addition to those above mentioned a number of privately owned hospitals and nursing homes, the chief of which is the Holy Cross Hospital.

Mountainview Hospital—Chronic tuberculosis, Sixteenth Avenue N. E.

Smallpox Hospital—Sixteenth Avenue N. E.

Isolation Hospital—Contagious disease, Twelfth Avenue and Sixth Street East.

Finances are obtained from city taxation, certain provincial government grants and patients' fees.

The government grants for 1926 to municipal hospitals totalled \$29,644.00.

The Dominion Government completed and opened in the year 1920 a large modern sanatorium for the treatment of incipient tuberculosis cases.

In July 1925, the Alberta Provincial Government assumed full control of this institution, which is situated within a short distance of the Bowness line of the Municipal Street Railway at Keith, 7 miles west of the city. It was originally designed to care for returned soldiers, but has so developed that civilians are now also treated.

### **LIBRARY**

Those of our citizens possessing literary tastes may, on becoming members of the Calgary Public Library have access to various works of literature by the World's best authors.

### **JUVENILE COURT**

The "Children's Aid Dept.", previously financed largely by the City and controlled by the Provincial Government, is now a department of the City, and as such, is administered by the City Commissioners.

In its legal operations the Juvenile Court is under the Attorney-General's Department, all cases are first submitted to the Children's Aid Department and sittings of the court arranged by them. The Superintendent is clerk of the court.

#### **MUNICIPAL OWNERSHIP**

Calgary is essentially a City owned and operated for its citizens' benefit through their elected representatives, and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings. Commencing in the year 1899, the City purchased the existing Waterworks system. Since that time the Public Utilities of the City have been extended to include Electric Light and Power, and Street Railways systems.

Calgary has clean and well paved thoroughfares, beautiful residential districts, and business buildings, giving remarkable evidence of substantial growth. Municipally-owned utilities—particulars of which may be found in this publication—educational buildings, school system, and above all, its healthy climate.

#### **BRIDGES**

A modern reinforced concrete bridge spans the Bow River at Centre Street, Calgary, and bridges of similar construction cross the Elbow at Fourth Street West, and the Bow River at Ninth Street West.

#### **METHOD OF CIVIC GOVERNMENT**

The "Initiative, Referendum and Recall" is in operation in Calgary. By this means legislation may be initiated by the ratepayers, a referendum demanded on any public question or policy and elected officials recalled. To invoke these powers is necessary to obtain the signature of qualified voters, equal in number to those cast at the last election for mayor in the following percentages: For "Initiative" or "Referendum", 10 per cent; for "Recall", 25 per cent.

The government of the City is carried on under powers granted by the Legislative Assembly of the North West Territories, and amendments thereto from said body, and later from the Provincial Legislature of Alberta. The Council is composed of a mayor and 12 aldermen. Up to the end of the year 1923 the mayor was elected annually. At the Civic election held in December, 1923, the electors carried a plebiscite to provide for the election of mayor for a term of two years, said provision to become effective January 1st, 1924.

#### **CONTINUITY OF COUNCIL, ETC.**

In order that some members of each year's council may be on intimate terms with the city's business, the aldermen are now elected from the city at large to a two-year term of office, six aldermen retiring, in the ordinary course of events, on December 31st, of each year. The transition from one to a two-year term of office was accomplished in December, 1918.

A commissioner is elected on a vote of the electorate of the city to hold office for a term of two years. The public and separate school trustees are also elected annually from a vote of the entire city, the number of members to be elected each year being determined by vacancies on the respective boards. The number of members composing the Public School Board is 7 and the Separate School Board 5.

#### **QUALIFICATIONS FOR MAYOR, ETC.**

The mayor is the chief magistrate of the City. Persons eligible for election as Mayor, Commissioner, Aldermen, Public or Separate School Trustee must be British subjects, qualified electors of

the City, male or female, of the full age of 21 years, and who are not disqualified under the ordinances incorporating the City of Calgary.

#### **ELECTIONS, NOMINATIONS AND VOTING**

All elected Officials of the City of Calgary are elected by the system of "Proportional Representation with the Single Transferable Vote", generally known as "The Hare System", which was finally adopted and put into operation by the City in the year 1917.

The nominations are held annually on the first Monday in December, and the election on the second Wednesday following. The hours of polling are from 9 a.m. to 8 p.m. and "the persons qualified to vote in the above connection are those persons, male or female, 21 years of age or over, whose names appear on last revised assessment role, or resident British subjects, or tenants, male or female, 21 years of age or over, who have resided continuously in the City for at least six months prior to the 1st of June in the year the voters' list is being prepared, and who register during the month of June or July in each year their names at the City Clerk's Office". The first two weeks in October are also set apart as a final period for Registration and Revision of the Voters' List. If registered British subjects or registered tenants vote at an election their names are added to the Voters' List for the year following such election. Qualifications for voting on by-laws, same as above but owners of real property only, whose names appear on the last Revised Assessment Roll assessed for real property to the value of \$100.00 or more.

#### **COUNCIL'S DUTIES**

The Council as a whole is the legislative body and carries on the legislative work through standing committees in the usual way.

#### **COMMISSIONERS' DUTIES**

The Board of Commissioners consisting of the Mayor and one other Commissioner, is the executive body and as such regulates and supervises expenditures, directs and controls departments, Comptroller excepted, prepares specifications and estimates, advertises for tenders for work, materials and supplies required, inspects and reports to the Council on the municipal work being carried on or in progress within the City; administers the affairs of the City, except schools.

The Aldermen receive no remuneration for their services, the electorate refusing to authorize same, but the Mayor and Commissioner receive a salary of \$5,000 and \$4,000 per annum respectively for the year 1927.

Calgary's form of municipal government (Commission with Council) has proven in this City of large municipally-owned undertakings to be a safe and sane method of administering the community's affairs. The Commissioners cannot legally act on important questions, or incur expenditures over \$500.00 before submitting the facts, policies and recommendations to and receiving the Council's instructions.

The Commission form of Government had its inception, in so far as Calgary is concerned, in 1907, the Commission then consisting of the Mayor, City Clerk and City Engineer, said Board being appointed by the City Council. After a brief trial this Board was found to be unsatisfactory, as no matter what good policies the board might institute or desire to initiate, at least two of the members were not in a position to uphold their policies against possible opposition.

The afore-described Board was sup-  
planted in 1908 by a Commission con-  
sisting of the Mayor (chairman) and  
two Commissioners, the latter two ap-  
pointed by the Council. Our citizens  
deemed it their privileges to say as to  
whom should administer civic affairs  
and the Council adopted the policy of  
holding a plebiscite, the two names sub-  
mitted for the office of Commissioners  
and receiving the highest number of  
votes to be appointed by the Council.  
This method in 1913 gave way to  
straight election of Commissioners.

The electors in December, 1918 de-  
clared by a large majority to retain the  
present form of Municipal Government,  
and in December 1921, to be in favor of  
reducing the commissioners to two, one  
of whom is the Mayor. This change  
became effective on January 1st, 1923.

#### **ASSESSMENT, TAXES, BOARD OF REVISION, 1926**

General Assessment Rolls are com-  
piled in the fall of each year for use  
after confirmation by the Board of Re-  
vision for taxation purposes, etc., dur-  
ing the following year. The Assess-  
ment Roll is completed and notices  
mailed on October 31st preceding the  
year in which such roll is to be used.

The Board of Revision consists of  
three members appointed by by-law of  
the City Council and sits each year to  
hear appeals against assessment or non-  
assessment and to revise and confirm  
the assessment roll. Appeals against  
assessment or non-assessment must be  
in the hands of the City Assessor at  
least five days before the first meeting  
of the Board of Revision. The Board  
of Revision on real property assessment  
usually sits on or about December 12th,  
and on business assessments on Janu-  
ary 21st.

In 1922 the City secured Charter Pro-  
vision whereby the Council may by by-  
law provide that the valuation for any  
year shall so stand for two years. Any  
person in each year shall have the right  
to appeal from the Assessor's valuation  
to the Court of Revision and to the  
Judge of the District Court in the  
manner provided for in the City Char-  
ter, but no person shall be entitled  
to succeed upon appeal in the second or  
succeeding year unless he can prove  
to the satisfaction of the Court of Re-  
vision or the Judge of the District Court  
that his property has deteriorated in  
value since the first or preceding year;  
provided that there shall be no restric-  
tion of appeal or the right to succeed  
upon appeal in the case of any person  
the valuation of whose property has  
been revised, altered, amended or in-  
creased nor in the case of any property  
where there has been a change of own-  
ership and the assessed owner whose  
name appears on the roll in the second  
or succeeding year had no right of ap-  
peal in the first or preceding year.

On purchasing property you should  
appear at the Assessor's office and pre-  
sent for his information the Agreement  
of Sale or title. If a non-resident,  
write the Assessor.

#### **REAL PROPERTY (General Tax)**

After the assessment roll for real  
property is finally revised and confirmed,  
usually in December of each year, and  
the estimated net expenditure to be  
raised by the general tax is fixed by  
Council, the tax (mill rate) is struck as  
follows:

Estimated expenditure (less utilities  
and revenues from sources other than  
the general tax) multiplied by 1,000  
divided by real property assessment  
(including special franchise and exclud-  
ing business tax assessment, equals No.  
of mills constituting the tax rate. (A  
mill is \$.001).

Each dollar assessed and taxed on the  
"Real Property" tax rate must pay the  
mill rate as above determined, except on  
parcels, of 10 acres and over, situated  
in the outer area, when a tax rate of 20  
mills is levied.

The Council by Bylaw fixes the dates  
up to which certain penalties on Gen-  
eral and Special Taxes shall be imposed.  
For 1927 it is proposed that taxes paid  
on or before June 20th shall be free  
from any penalty. From June 21st the  
following penalties shall be imposed:

June 21st to Aug. 1st . . . .	5 per cent.
Aug. 2nd to Sept. 30th . . .	6 per cent.
Oct. 1st to Dec. 31st . . . .	7 per cent.
Jan. 1st, 1928, and until paid . .	2-3rds
of 1 per cent. monthly on the accu-	
culated amount of taxes and inter-	est.

Advance payments on account of tax-  
es for the year 1927 will be accepted  
after January 2nd, 1927, and interest at  
the rate of 5 per cent. per annum up  
to June 1st, 1927 will be allowed on all  
such payments made before May 1st.

Tax notices, giving details of the mill  
rate, general and special taxes due, ar-  
rears, penalties, etc., are then mailed.  
Taxes are due on the first legal day of  
the year current with their demand.

"Special taxes" are invariably "Local  
Improvement" and "Frontage taxes",  
such as for sewers, paving, sidewalks,  
boulevards, curb and gutter, grading,  
gravelling, water mains, the cost of  
which is chiefly borne by the properties  
fronting or the district benefited. The  
Provincial Tax is levied by the Prov-  
ince of Alberta on land value only.

#### **BUSINESS ASSESSMENT AND TAX**

The Business tax first became opera-  
tive in 1915 and the provisions govern-  
ing have been amended as necessary  
from time to time. All businesses, tra-  
des, profession, etc., must be assessed  
each year for a sum equal to the full  
annual rental of their business prem-  
ises, whether land or buildings or both,  
provided, however, that if such assess-  
ment is not equal to those of surround-  
ing similar places and businesses, the  
assessment may be raised or lowered to  
make all assessments affected equitable.  
Assessment notices are mailed Decem-  
ber 31st. After the Business tax roll  
has been revised and confirmed and the  
Council has set the rate and discount  
periods, tax notices demanding payment  
of the Business tax, giving particulars  
of the amount due, discounts, etc., are  
mailed. A discount of 3 per cent., is  
allowed if paid before March 31st. Dis-  
tress warrants may be issued if taxes  
are unpaid by April 15th. The tax rate  
on all business is 10 per cent of assessed  
rental value. As license fees are now  
based on the cost of supervision by the  
City, no rebate is given off business tax  
on account of any license fee paid to the  
City.

#### **TAX RECOVERY**

The existing laws concerning unpaid  
taxes are briefly as follows:

1. Not later than November 14th of  
the year following the tax levy, if taxes  
are unpaid the City must file in the  
Land Titles Office a caveat against all  
properties so in arrears.

2. If any parcel of land is not re-  
deemed before the 15th day of December  
in the calendar year next following the  
year in which caveat has been filed, the  
City applies for, and the Registrar of  
Land Titles issues, a new certificate of  
title in the name of the City.

3. After securing title the City must,  
within one year, offer for sale at public  
auction the land or lands for which title  
was so obtained.

4. If the property is not sold at such auction, the title remains in the name of the City, but must be sold at the earliest possible opportunity by private sale.

#### **TAX EXEMPTIONS**

The Dominion and Provincial Government, Public and Separate School Boards, Incorporated Colleges, (on lands and buildings used for school purposes), Church buildings and Church lands (up to one-half acre); all are exempt from General taxes but are liable for Local Improvement taxes.

#### **VOTERS' LIST**

The fact that you have paid taxes does not qualify you for a vote. See that your name appears on the Voters' List to be seen in the City Clerk's office. This matter should be attended to not later than the last legal day of July in any year. An elector is entitled to vote once only at any election on the same question, and must vote at the booth noted on the Voters' List for each elector. Only qualified electors whose addresses are given as in Calgary, are entered on the Voters' List. A qualified non-resident voter who is in the City on election day and wishes to vote must apply in person at the Assessor's office for a certificate.

#### **MUNICIPALLY-OWNED INDUSTRIAL SITES**

Calgary offers to manufacturers industrial sites owned by the Corporation at the cost price. These are located in various parts of the City and the first were purchased in 1911 to provide for industrial development.

"Manchester", within the southern limits of the City, situated on the Calgary-Lethbridge branch of the C.P.R., is offered manufacturers desirous of locating in Calgary, on the following terms:

Street cars, sewer, water and electric light and power are extended to and in use in "Manchester". This property is approximately two and one half miles from the Post Office. Applications for sites should be addressed to the City Clerk.

1. Cost price, \$1,200.00 per acre; one-third cash, the balance in equal instalments divided over a term agreeable to the purchaser, up to six years, with interest at 6 per cent., payable annually.

2. (a) The purchaser or purchasers must agree that all buildings erected on land bought by them shall conform to the requirements of the second-class fire limits of the City.

2. (b) To use the land for 10 years from the date of purchase for manufacturing purposes only, and after 10 years for the same purpose until otherwise allowed by by-law of the City of Calgary.

2. (c) To begin building operations on the land purchased within six months from the date of purchase and to complete the buildings within a reasonable time, and if the purchaser or purchasers fail to carry out this provision the agreement shall be void and the land revert to the City.

2. (d) That he or they shall not assign or sublet without the consent of the Council of the City of Calgary.

2. (e) To pay the City of Calgary its proportionate share of the rental of the main spur or spurs constructed to serve the subdivision.

Two miles east of the City limits and about five miles from the Post Office lay other industrial sites. This property is served by the Canadian National Railroads.

The City also owns several blocks of land in the subdivision known as Calgary Junction.

Another site within easy reach lies about two miles northeast of the Post Office. The Calgary-Edmonton branch of the C.P.R. runs through this property.

The City has power to exempt from taxation buildings, improvements, machinery and stock being used on said land subject to a by-law providing for such limited assessments and exemptions being ratified by the people as in the case of a money by-law.

The above clause does not mean that the industrial concerns are exempt from Local Improvement taxation.

If the aforesaid lands, buildings, stock or improvements cease to be used or occupied for the purposes aforementioned such land, etc., so ceasing to be used or occupied shall be liable to taxation in the usual manner.

Further information in respect to the above will be gladly furnished by the City Clerk.

#### **CITY HALL**

Calgary's City Hall is situated at the corner of Seventh Avenue and Second Street East. The site was obtained in the year 1885.

Construction work in the present building was begun in the year 1907.

The building is a solid sandstone structure, with reinforced concrete floors, fireproof construction, and cost in the neighborhood of \$300,000.00. The frontage is 112 feet on Second Street East; depth, 128 feet on Seventh Avenue, and a floor space of 33,280 square feet. The height of the tower from the side walk is 100 feet.

Most of the materials for the building were obtained in the neighborhood of the municipality. It was formally opened for business in the month of January, of the year 1911. The City Hall had not sufficient space to accommodate all the City's executive offices, and the interior has been remodelled in part to try and solve the difficulty.

#### **POLICE HEADQUARTERS**

As a result of the rapid growth and development of Calgary, and the corresponding increased volume of civic business, it has been necessary to erect in close proximity to the City Hall, a modern fireproof construction, consisting of reinforced concrete framework and floors, and brick filling with stone trimmings, to be used as a Police Headquarters, and for other civic departments. This building was completed on August 31, 1914.

#### **DOMINION GOVERNMENT ELEVATORS**

##### **Calgary, Alberta**

Office—East Calgary.

Manager—S. C. Brown

The Canadian Government Elevator at Calgary is a reinforced concrete terminal elevator of 2,500,000 bushel capacity. This interior terminal elevator, together with similar elevator of 3,500,000 bushels capacity each, at Saskatoon and Moose Jaw, Sask., were constructed by the Board of Grain Commissioners for Canada to operate in conjunction with the Board's Lake Terminal Elevator at Port Arthur, Ont., and with the Board's Ocean Terminals at Vancouver, B.C. The purpose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes, or more especially for shipments westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

The Calgary elevator will be a great boon to the farmer during a period of congestion in transportation and, pos-

sessing as it does the most up-to-date facilities for treating damaged grain, will prevent grain going out of condition on account of excess moisture while in transit.

The plant consists of the following units, all of reinforced concrete construction and absolutely fireproof:—

(1) The work house is known as a 13-leg house with storing capacity of 500,000 bushels, capable of handling 90 cars in and 90 cars out per day.

(2) A storage house of 56 circular bins 23 feet 2 inches in diameter, and 92 feet high, with a capacity, including the interspace bins of 2,000,000 bushels.

(3) Two drying plants fitted with the most modern type of Morris drier with a combined drying capacity of 60,000 bushels per day of 24 hours. The heating factor in these plants is two 100 h.p. marine type boilers and one 200 h.p. return tubular boiler located in a special building.

The elevator is electrically driven, power being supplied by the City of Calgary at 12,000 volts and reduced in the elevator sub-station to 550 volts for power purposes and 110 volts for lighting. A separate motor drives each machine, 53 motors being required to run the plant.

A Cyclone Dust Collector system is employed to remove the dust and floor sweepings, and a compressed air system for blowing dust from motors is also part of the elevator equipment.

The elevator is especially well equipped for cleaning grain, its cleaning equipment consisting of 10 receiving separators, each with a capacity of 1,000 bushels per hour, or a small carload; two flax separators; two wheat and oat separators, and a screening separator. These machines provide for all ordinary separations as well as for cleaning seed grain.

A screening grinder of large capacity is installed for grinding elevator screenings for stock feed purposes. All grain received and loaded is weighed in Hopper scales located in the warehouse cupola; six in number, are installed, each with a capacity of 2,000 bushels, or 120,000 pounds.

The elevator is connected by a direct spur track to the C.P.R. and Canadian National Railways by transfer connections. Ample trackage is provided on the Government property for unloading and sorting cars. The Government own trackage which is approximately three miles, and has accommodation for 350 cars.

The total cost of the Calgary elevator was approximately One Million Dollars.

#### HYDRO-ELECTRIC POWER

General Superintendent: F. J. Robertson A.E.I.C., Calgary, Alta.

Calgary is supplied with the bulk of its electric power from the Calgary Power Company's two hydro-electric plants, situated 50 and 52 miles respectively, at Seebe, on the Bow River, west of Calgary.

No. 1 plant was completed and delivering power in 1911. The dam is a solid concrete structure across the Bow River, the foundation resting on rock and shale. Water is led to the power house through steel penstocks of 12 feet in diameter, the "head" of water being 70 feet. Generators of a total capacity of 19,500 h.p. are installed in the power house, the voltage of generators being 12,000, this is stepped up to 55,000 volts by transformers for transmitting to the City of Calgary over three separate high tension lines.

In addition to supplying the City of Calgary and the Canada Cement Company with power, the Company also

supplies Morley, Cochrane, Okotoks, High River and other towns over an extensive rural distribution system.

Owing to low water conditions of the Bow River during the winter months, the Calgary Power Company soon found it necessary to build a second plant to enable them to handle the rapidly increasing demands for power. The site chosen for the second plant is known as Kananaskis Falls, and construction work was started on this site November, 1912. The entire work was completed and power being delivered both to the City of Calgary and to the large cement mill at Exshaw in January, 1915. Generators of a total capacity of 11,600 h.p., are installed at No. 2 power house, the generators being driven by turbines working under a head of 70 feet. The dam consists of a solid concrete structure 600 feet in length and is capable of discharging over 40,000 second feet of water should the occasion arise. The Company have also built a dam across the Devil's Canyon at Lake Minnewanka, by which means the old level of the lake has been raised 12 feet, the large volume of water stored during the summer months is released in winter, the natural flow of the river being increased considerably at this low water period.

The capital expenditure to date is some \$4,300,000.

An exhaustive survey has been completed by the Calgary Power Co., Ltd., of other power sites in the Bow Valley, in view of the early necessity of still further augmenting the power supply.

#### NATURAL GAS

Office: 215 Sixth Avenue West, Calgary

Natural Gas was first discovered in commercial quantities in the Bow Island field in 1908.

The Canadian Western Natural Gas, Light, Heat and Power Company, Ltd., was formed for the purpose of supplying Calgary, Lethbridge and the intervening towns with natural gas. On April 11th, 1912, work was commenced on a 16-inch steel trunk line between Bow Island and Calgary, a distance of approximately 171 miles, and was completed on July 17th, 1912; thus establishing what is believed to be a record in the Natural Gas history. The cost of putting this line into service was over two million dollars.

On July 23rd, 1912, nature's ideal fuel from the Bow Island field was first delivered to the householders of Calgary.

Much development work has since been carried out by the Company. Drilling operations have been carried on in the Chin Coulee field and the Foremost field. In the latter field six wells have been successfully drilled, the total daily production from same now being upwards of 59,000,000 cubic feet per day. The production of this field necessitated the construction of 33 miles of 10-inch pipe line to connect this field with the main trunk line.

To further augment the Company's gas supply, arrangements have been made with the Royalite Oil Company to supply gas from the Turner Valley field. Two pipe lines have been constructed from this field to connect with the Company's system and at the present time up to 18,000,000 cubic feet per day is being supplied from Turner Valley.

The Company supply natural gas at a rate of 38 cents per 1,000 cubic feet with a discount of 4 cents per 1,000 cubic feet when the bill is paid within ten days from the date of same. There is also a minimum charge of \$1.00 per month to users of small quantities of gas.

 Magistrate, 1 Motor Mechanic, 2 Chauff-  
 eurs, 1 Interpreter, 1 Secretary.

#### PUBLIC PARKS

There are now 25 Public Parks in Cal-  
 gary, with an area of about 777.20 acres,  
 valued approximately at \$2,262,009.25.  
 These parks are situated in various  
 parts of the City.  
 Park Superintendent—W. R. Reader  
 Bankview Park—Area 3 acres. (Undeveloped)  
 Bowness Park—About 4 miles west of  
 city limits. Area 80 acres.  
 Capitol Hill Park—Area 4 acres.  
 Central Park—13th Ave. W. and 12th  
 Ave W. bet. 2nd and 4th Sts. Area  
 4.42 acres.  
 Crescent Heights Park—Area 4 acres.  
 Crescent Park—Bet. 2nd and 3rd Sts.  
 and 8th and 12th Aves. N. W. Area  
 15 acres.  
 East Calgary Park— East Calgary,  
 Area 5 acres.  
 Elbow Boulevard Park—Near the banks  
 of the Elbow River. Area 3 acres.  
 Glangarry Park—Area 4 acres. (Undeveloped)  
 Hillhurst Athletic Park—Bounded by  
 12th St., 14th St. and 5th Ave. N.W.  
 Area 6.43 acres.  
 Hudson Bay Athletic Grounds—Park-  
 dale Addition  
 Mewata Park—Bet. Bow River and 6th  
 and 7th Aves., and 11th and 12th Sts.  
 W. Area 33 acres.

 River, in Elbow Park. Area 4 1/2  
 acres.  
 St. George's Island Park—Island on  
 Bow River approached from 9th Ave.  
 and 11th St., East Calgary. Area 45  
 acres.  
 Shaganappi Park—West end of city,  
 from 26th St. (Killarney). Area  
 147.19 acres.

Shouldice Park—On Bow River, two miles west of city limits. Area 100 acres.  
 South Calgary—Athletic Park—Area 6½ acres.  
 Stanley Park—Area 39 acres. (In course of development)  
 Tuxedo Park—Situate in Tuxedo Sub-division. Area 6.10 acres.  
 Victoria Park—e.s. 2nd St. E. and 17th Ave. Area 103½ acres.  
 Walker Estate Park—Area 3 acres. (Undeveloped) )

### **PUBLIC LIBRARY**

Central Library—2nd St. W. and 12th Ave.  
 Secretary-Treasurer and Librarian—Alexander Calhoun, M.A.,

#### **Hours of Opening**

Week days: 9 a.m. to 9.30 p.m. (9 p.m. April to September), Wednesdays, 9 a.m. to 1 p.m.

Sundays: 2 p.m. to 6 p.m.

The Library is closed on Victoria Day, Dominion Day, Labor Day, Christmas Day, New Year's Day, Good Friday and Thanksgiving Day.

#### **Membership Privileges**

Any Citizen of Calgary is entitled to a free membership on signing application card, proving his address and furnishing the names of two friends.

#### **History**

It is about nineteen years since a little group of Calgary citizens began to interest themselves in securing for Calgary a Public Library. Calgary was at that time a city of only about 15,000, and it took time for the scheme to mature. However, in 1908, a Library Board was formed; in 1909 the building was begun, and on January 2nd, 1912, it was opened to the public.

The building and equipment has cost \$100,000.00. Of this sum \$80,000.00 was provided by the late Sir Andrew Carnegie and 20,000.00 by the City Council.

It is noteworthy that this Library was the first public library in Alberta and the second between Winnipeg and the Rockies.

#### **Constitution**

The Calgary Public Library is administered by a Library Board of seven members, the Mayor being an ex-officio member, and the remaining six being appointed by the City Council for two years.

The Library is organized under the Provincial Libraries' Act, which empowers the City to levy a library rate not exceeding one mill on the dollar on all assessable property.

The Board at present consists of the following:

J. McCaffary, Chairman, F. E. Osborne, Mayor, Ald. P. Turner Bone, Mrs. Marion Carson, I. F. Fitch, L. U. Fowler, Major Duncan Stuart.

#### **Crescent Heights Branch**

The library has one branch at 1806 First Street N.W.

#### **Royal Circulating Library**

615, 109 8th Ave. E.

### **CALGARY MUNICIPAL STREET RAILWAY**

(Operated by the City Commissioners)  
 Offices and Car Sheds—2nd St. E. bet. Victoria Park and Elbow River.  
 Superintendent—R. A. Brown

The City of Calgary on July 5th, 1909, with 35,000 population, successfully inaugurated a municipally-owned and operated modern street railway system.

A \$250,000.00 by-law was passed in 1907 and one for \$226,000.00 in 1909, providing for the building, etc., of the street railway system.

With twelve modern pay-as-you-enter cars the first six months' operations returned operation and interest charge and \$10,000.00 surplus for contingent account.

Construction was begun in September, 1908, and one-half mile of track was laid that fall. On May 1st, 1909, work was recommenced. The power generator arrived July 1st, and the first two cars on July 2nd. The Railway officially opened at 8 p.m. July 5th, 1909, with two cars covering the half-mile between City and Fair Grounds.

During Fair Week 35,460 passengers were carried.

Work was carried on by five paving contractors, one track construction company (on unpaved sections only), the City doing all special and over-head work and intersections.

One-man cars were introduced on all city lines in 1917, and are proving satisfactory. Safety of operation is secured, together with a substantial decrease in the cost of operation.

All the line feeders within the business area have been placed underground.

At present power is supplied by four substations with two 500 k.w. direct driven steam units as an auxiliary, and one 300 k.w. and three 1,500 k.w. motor generators.

The Power Department of the City charges the Street Railway for power as follows: 1c per k.w. hour for first 400,000; all over 400,000, ¾c per k.w. hour; \$2,300.12 per month overhead charges.

#### **Fares**

Five classes of tickets are used:—"School", good to and from school for students up to 17 years of age and any time for children, 8 for 25 cents; "Ordinary", 18 for \$1.00; 4 for 25c; 2 for 15c; and pads of civic employees' tickets, 18 for \$1.00, the latter are charged to the departments in which they are used.

### **CEMETERIES**

Burnsland Cemetery—Adjoining Union Cemetery on east side of Macleod Trail

Chinese Cemetery—Adjoining Union Cemetery south of Elbow River over Victoria Bridge

Jewish Cemetery—e.s. 30th Ave. E. (Erlton). Near Union Cemetery

Roman Catholic Cemetery—South of Elbow River over Mission Bridge

St. Mary's (R. C.) Cemetery—31st Ave. E. (Erlton)

Union Cemetery—2nd St. E. nr. 26th Ave. (south of Elbow River over Victoria Bridge)

### **MUNICIPALITIES**

Municipal District of Beddington No. 250—Secretary-Treasurer E. J. Riley, 200, 323 8th Ave. W.

Municipal District of Shepard No. 220—Secretary-Treasurer W. Hinde, 502 Beveridge Bldg.

Municipal District of Springbank No. 221—Secretary-Treasurer, R. H. Wodell, 318, 237 8th Ave. E.

# Educational Information

## CALGARY SCHOOL BOARD

Office: City Hall  
Elected at large. Meets 2nd Tuesday in each month.

### Trustees

T. B. Riley (Chairman)), A. C. Newcomb, J. B. Sutherland, Dr. A. B. Singleton, Mrs. N. Hindsley, E. W. Turner, Miss A. Turner  
Supt. of Schools—Dr. A. Melville Scott  
Secretary-Treasurer—D. C. Bayne  
Accountant—G. R. Gell  
Storekeeper—R. W. Steele  
Building Supt.—W. A. Branton  
Attendance Officer—R. L. Barker

### Medical Department

Dr. G. Oakley, examining physician,  
Dr. A. Cooper Johnson, asst. examining physician, Dr. E. K. Upton, dentist, Dr. A. C. Steeves  
Nurses—Miss M. Hayden, Miss E. Hoskyn, Miss A. Willison, Miss M. Brown, Mrs. I. M. Davidson, Miss A. M. Gee, Miss N. Gunn, Mrs. S. J. Dymond  
Miss E. Wells, dental assistant, Miss M. Kendall, dental assistant

### Supervisors and Special Instructors

Manual Training—J. E. Hanning (Supervisor), A. Tomlinson, F. J. Wright, R. Swift, F. E. Graham, H. V. Trevoy, K. K. Smith  
Art—R. L. Harvey  
Physical Training and Cadets—H. C. Flood, A. H. Ferguson  
Household Science—Miss M. A. Howard (Supervisor), Miss R. MacMillan, Miss E. Murray, Miss A. L. McCornie, Miss I. M. Ellis, Miss A. L. Treacy, Miss G. Rogers, Miss N. N. Webster  
Printing—H. H. McKim  
Sub. Normal Class—Miss J. Erroll, Miss E. Carson, Miss V. L. Seymour, Mrs. A. E. Webster  
Music Supervisor—Capt. H. S. Hinton

### **MOUNT ROYAL COLLEGE**

7th Ave. and 11th St. W.

Mount Royal College is designed by its promoters to give first-class college education to young people of both sexes, under the best influences, and at a moderate cost. A strong and representative Board of Governors has been appointed. Their aim and purpose is to provide in Calgary one of the best residential and up-to-date colleges to be found anywhere on the continent.

**CHILDREN'S AID AND JUVENILE COURT**  
Office: Third Floor of Police Headquarters Building  
Superintendent—J. T. Robinson  
The Children's Aid is a civic department. Part of its operations are in conjunction with the Juvenile Court. Its main activities are to look after the needy, delinquent and homeless children of the community.

The Children's Home is now located at 312 Mount Pleasant Boulevard.  
Matron—Mrs. Geo Atkinson

The Juvenile Court is held in the office of the Superintendent, and the judges for 1926 are: Mrs. Alice J. Jamieson, Rev. A. D. Richards, Mrs. M. A. Harvey.

Particulars re licenses to children to engage in certain trades and prohibition of their attendance at pool rooms, etc., are obtainable from the superintendent, or officials at the office.

**Office Staff**  
Supt. and Agent—J. T. Robinson  
Probation Officer—J. R. Royce, J.P.

## Henderson's Calgary Street and Avenue Directory 1927

HENDERSON'S (1927) CALGARY

77

### Method of Numbering Streets, Avenues and Houses

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example: The first street west of Centre Street and south of Centre Avenue would be First Street S.W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Avenue would be First Street N.E., and so on.

The Avenues are numbered from Centre Avenue and Centre Street. Example: The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S.W., and so on; and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N.W. and so on.

Half streets or intersecting streets are designated "A" or "One-half".

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north side of the avenue and the odd numbers are on the south side of the avenue. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block numbers

from 100 as follows: 116 8th Avenue West would be on 8th Avenue, between Centre and First Street West. 217 8th Avenue West would be on 8th Avenue, between First and Second Street West. On the streets the numbers run as follows: 2111 Centre Street South would be on the west side of Centre Street between Second and Third Avenues, and 712 Centre Street South would be between Seventh and Eighth Avenues, and so on. Each block starts numbering from the hundred following the block preceding it.

**NOTE**—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre Street, which appear first with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South East, and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on Streets.
